POISON

"More dangerous than the venom of a snake is the poison of anger when it overtakes your heart." – Master Wu

Master of Poison

With wild green hair and a wicked grin, Tox, the Master of Poison, looks like someone you don't want to mess with. The ninja were glad she decided to side with them against Master Chen and later, the Sons of Garmadon.

Poison Power

Tox blasts her opponents with a noxious cloud of toxic smoke. Scholars speculate that Tox may be immune to poison herself.

Master of Shadow

It's hard to trust someone who lurks in the shadows, and the ninja thought Shade – the Master of Shadow – was a spy for Master Chen at first. But this shady Elemental Master was a loyal friend in the end.

Shadow Power

In combat, Shade can evade his opponent by disappearing into shadows and dark spaces.

DID YOU KNOW?
Tox's poison blast didn't work against Master Chen's Anacondrai warriors. It's possible that their own venom neutralized the poison attack.

DID YOU KNOW?
Shade can pass right through his opponent! He slipped through Master Garmadon to escape questioning by him and the ninja.

THE POWERS OF THE ELEMENTAL MASTER OF LIGHTNING

Wielding the Nunchucks of Lightning is like harnessing the power of a storm – they're pure energy, and thunder booms when they are used. It takes a skilled Master to control them.

Some say that in an attempt to tame the Lightning Dragon, Jay used the power of a good joke. But the dragon didn't have a sense of humour. So Jay invented a device to make the dragon's roar louder and that did the trick. Jay named the dragon Wisp.

Lightning belongs in the sky, and Jay has piloted a few flying vehicles. His first was the Storm Fighter, a speedy jet sparking with electric energy.

Jay sometimes jokes that his first kiss with Nya was electric. It showed Jay that he just needed to be himself, and it allowed him to achieve his True Potential. In this form, Jay can use the power of electricity to fly and travel through electric currents.

CREATURE OF LIGHTNING

Stormbringer lives in the Realm of Oni and Dragon and she has the power of Lightning. She can shoot electricity from her mouth and fly at lightning speeds.

Harl watched the fire engine race off. He felt bad for a moment that his fix hadn't gone as

planned, but then he puffed out his chest and announced, "It's still my special day. I'll turn this frown upside down by helping someone else."

"Oh." Harl grimaced. "That's unfortunate."

"No worries." Poppy shrugged. "I gotta run to a big meeting about my next hit song." She dashed away.

Harl sighed sadly.

Mayor Fleck arrived at Town Hall. His assistant, Carol Yea, stopped him before he entered his office. "Excuse me, sir, the mayor isn't here yet. Is he expecting you?"

"I *am* the mayor," Mayor Fleck insisted.
"Don't you recognize me?"
"Erm ... N-no ..." Carol stuttered.
The Mayor looked at Carol's daughter, Madison, who had come into work with her mum. "You know me, don't you, Small Carol?"

BEEP!
BEEP!
BEEP!

What was that?
It sounded exactly like his alarm clock.
The mayor sat up in his bed.
"Oh, I was dreaming! It actually *was* a nightmare!" he gasped.
"Well, I suppose that makes sense. And in the nightmare I was wearing a bunch of silly costumes. That would never happen in real life."

Suddenly, the game cabinet opened like a portal. Stepping inside, Jay found himself in a bustling city he had never seen before. Ultra-modern skyscrapers, brightly coloured neon signs, strange shops, crowds of oddly-dressed people – everything was overwhelming.

“Welcome to Prime Empire,” said a man who watched Jay from a shop nearby.

“Prime Empire?” Jay couldn’t believe he was in the game! It was real!

The man beckoned Jay into his shop.

“Whoa!” Jay looked in awe at

“Um, OK,” said Owen.

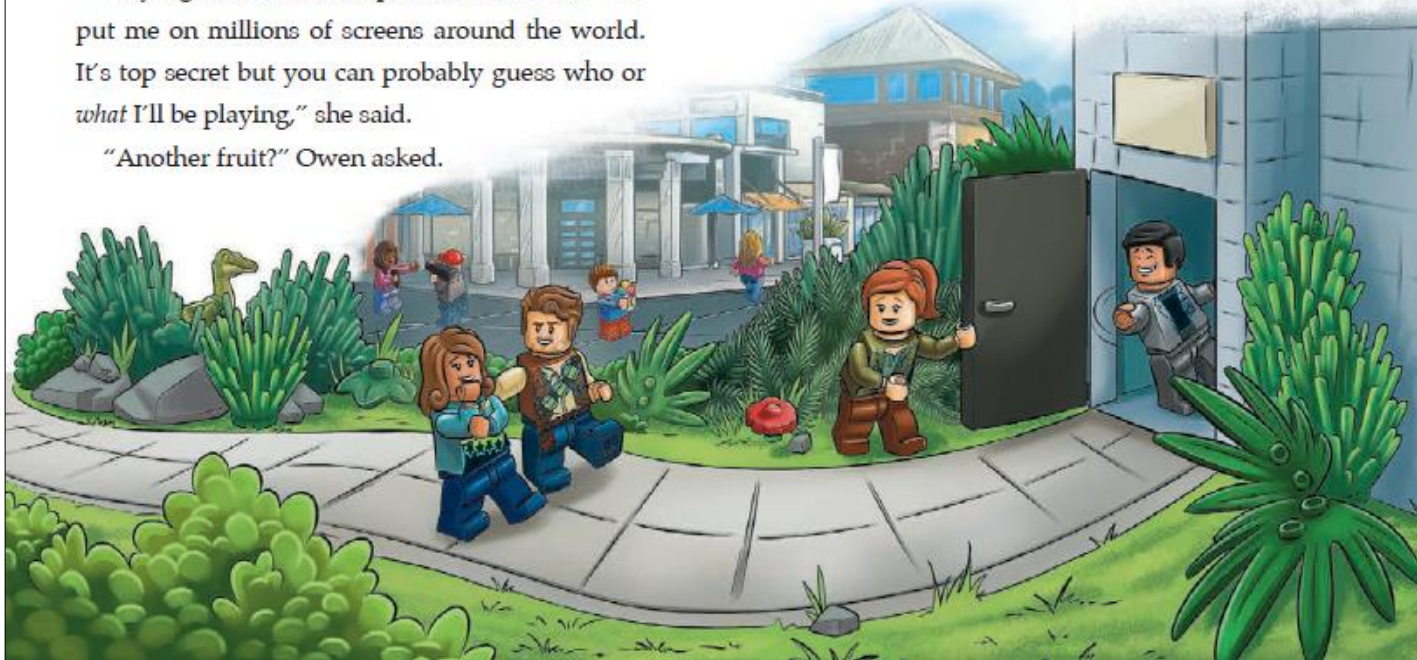

“What brings you to Jurassic World today, Amy?”

“My agent has lined up a new role that will put me on millions of screens around the world. It’s top secret but you can probably guess who or what I’ll be playing,” she said.

“Another fruit?” Owen asked.

“A dinosaur,” Claire said flatly. “Well, let’s get started then!”

Claire opened the door to the laboratory. “This is where we create dinosaurs – in our *exclusive* research centre.”

"We picked the game, remember?" the Water Ninja answered. "We need the credits, so we can get to Unagami."

The two ninja had entered the mini-game and were standing in front of an old house with boarded-up windows. Dark clouds hung above, and bats circled around the spikes of the pointed roof.

"Come on," Nya laughed. "We just have to walk through the house and exit the back door. It's a piece of cake!"

Jay shook his head. "This is *not* a piece of cake," he said. "I *like* cake. This is not cake. This is ... spooky."

THE UNCHARTED ISLAND

"I really need to leave this island," Tim said, as he plopped down in the sand, and fell asleep.

* * *

Early the next day, Tim heard his stomach GROWL loudly.

"I need food," he said, entering the jungle. It was like he didn't remember doing the exact same thing yesterday! Yet something told him that he needed to be extra careful.

A wild pig charged straight for him. Something told Tim to stay still and the pig ran right past him! Then he saw a papaya tree. He climbed the tree, and picked some fruit.

"Maybe the pigs aren't so bad," Tim said, cracking open a delicious papaya.

Leaving the fruit tree, Tim stumbled into a muddy swamp. He was covered in mud from head to toe, when he saw some giant mosquitos. Because he was covered in mud, the mosquitos didn't notice him at all!

"They're made of rain, but they're also solid!" Wu cried. "How are we supposed to defeat them?"

He knocked a few of them aside, but more began to circle him at high speed. Wu tried to spin through them. They were creating so much energy that he kept getting pushed back.

"Don't forget something to wear when it gets cold at night," Wu said. "And extra socks in case our feet get wet. And you might want to pack some tea. I packed some along with my teapot, but we could use some more."

"I will pack whatever I want to pack," Garmadon said, and Wu knew better than to argue. Getting his brother out of bed was a victory. Starting their journey was the most important thing!

Wu waited patiently for his brother to get ready. The birds were already on their twenty-fifth song when

Garmadon appeared, with his dark hair tied back and his pack on his back.

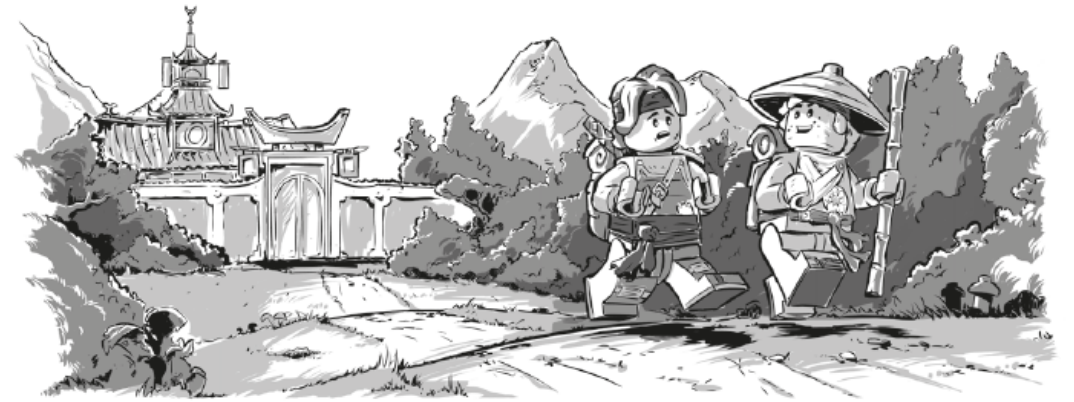

"What are you waiting for, Wu? Let's go!" Garmadon said.

The two boys stepped out of the monastery.

"Where are we going, again?" Garmadon asked.

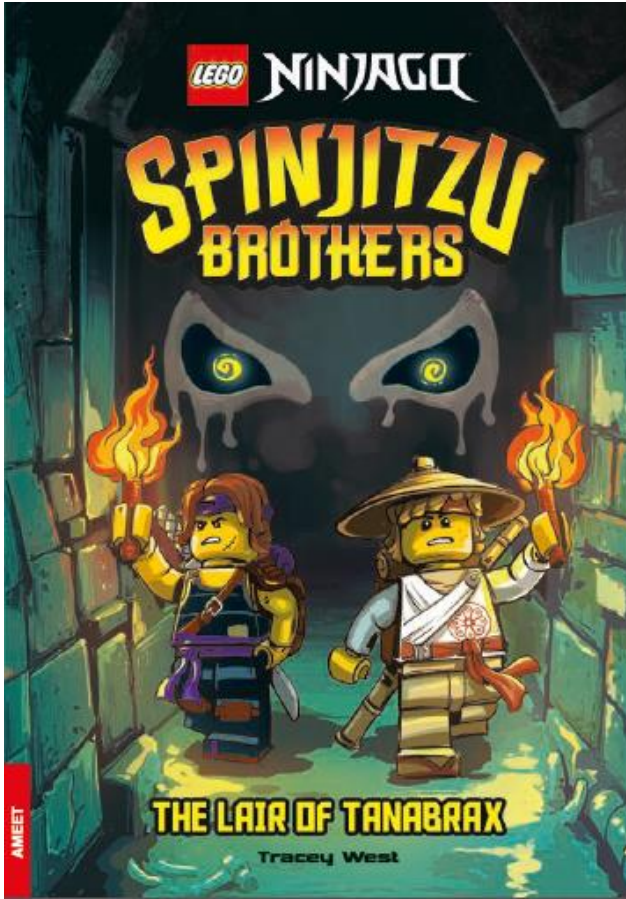

"Right now there is only one path in front of us, so let's take it," Wu said, and they headed for the nearest village.

The village was just starting to wake up when they arrived. Chickens pecked at the ground. Children

sudden, stormy moods and flashes of anger. This frightened Wu, and if the tea could help Garmadon, he would travel to the scariest regions of Ninjago to get it for him.

"We should just turn back," Garmadon continued. "Turn back and tell Father we're not going on some wild chase for no reason."

"You and I both know that won't work," Wu said. "We both want to become great masters of Spinjitzu, don't we? We can't do that without Father's training. I'm sure it won't take us too much longer to find the plant."

"Mm-hmm," Garmadon replied, and Wu knew that was his brother's way of admitting that Wu was right. Garmadon let the subject drop, so Wu continued with the game.

"Your turn," Wu said. "What do you spy?"

Garmadon stopped and squinted into the distance. "I spy several plumes of chimney smoke. It's a village!"

"Hey, you're supposed to let me guess," Wu said.

Garmadon rolled his eyes. "You're missing the point, brother."

We're almost out of food and we haven't slept on a soft bed in a long time. A village is just what we need."

"You're right!" Wu said, and he broke into a run. "Last one there is a slimy snake!"

Garmadon and Wu charged down the path and reached centre of the the village at the same time. Small homes with neat gardens lined the stone streets. The brothers could see a marketplace in the center of the village, and they headed there.

Wu woke up shaking. He looked over at his brother, who was snoring peacefully next to him. Then he heard:

Help! Help!

That sound was no dream – it was coming from outside! Wu shook Garmadon awake.

"What is it?" Garmadon asked groggily.

"Something's wrong!" Wu ran to the window, and Garmadon followed them.

SHIP'S LOGBOOK, ENTRY NO. 25

ENTRY AUTHOR: Nya

DESTINATION: Dark Island

If we can repair the ship...

I don't have good news. The Destiny's Bounty was damaged by the Stone Warriors who launched a surprise attack on Ninjago City.

Damage Report:

- Engine smashed.
- Starboard rotors damaged.
- Jay covered in oil while attempting small repairs.

It's going to take ages to make the repairs and we need to find the Temple of Light on the Dark Island. We learnt about this strange place from ancient scrolls belonging to Misako - Lloyd's mother and a new member of our crew. It is only in the Temple of Light that the naga will find the power that will help us defeat the Stone Army.

That's all well and good, but how do we get there, if the Bounty doesn't fly...

SHIP'S LOGBOOK, ENTRY NO. 26

ENTRY AUTHOR: Nya

DESTINATION: Dark Island

Despite the damages, it was enough to patch a few holes and the Bounty was out at sea. Our voyage will only last a few days and I have already discovered a million times that I prefer to fly the Bounty than to sail it.

First, we were hit by a storm. The boys fought the wind that grabbed our souls and I tried my best not to lose control of the helm. As if that wasn't enough, we were attacked by Starbeeth. Those sharp-toothed monsters punctured everything they ran into along their warp souls, lines, the hull and ... Cole's trousers.

Fortunately, the weather has improved and the Starbeeth seem to be asleep. But I'm sure there will be more sea adventures ahead.

Starbeeth are also known as water vampires.

SHIP'S LOGBOOK, ENTRY NO. 42

ENTRY AUTHOR: Lloyd

DESTINATION: HAVE TO THINK THIS ONE OVER CAREFULLY.

SONS OF GARMADON TERROR ON TWO WHEELS

I AM ON BOARD THE DESTINY'S BOUNTY WITH HARUMI, THE DAUGHTER OF THE EMPEROR AND EMPRESS.

WE HID HERE FROM A GROUP OF BIKERS TERRORIZING NINJAGO CITY. THEY MUST BE FANS OF MY FATHER SINCE THEY CALL THEMSELVES THE SONS OF GARMADON. I'M GUESSING THEY DON'T CARE MUCH FOR HIS GOOD SIDE.

THE SONS OF GARMADON ATTACKED THE IMPERIAL PALACE TO TAKE THE ANCIENT ONI MASK CONCEALED WITHIN. WE GOT TO IT FIRST, BUT THEY CHASED AFTER US AND SEIZED THE MASK.

THE BOUNTY HAD BEEN DOCKED IN THE HARBOUR FOR MONTHS. LUCKILY, I MANAGED TO FIRE UP THE ENGINES BEFORE THE BIKERS COULD BURST ON BOARD. NOW WE ARE ABOVE NINJAGO CITY. THE PRINCESS IS GETTING A BIRD'S-EYE VIEW OF THE CITY, AND I'M ADMIRING THE PRINCESS WONDERING WHERE WE SHOULD GO.

SHIP'S LOGBOOK, ENTRY NO. 43

ENTRY AUTHOR: Lloyd

DESTINATION: OMITTED, IN CASE THE JOURNAL FALLS INTO THE WRONG HANDS.

THE REST OF THE TEAM HAS JUST JOINED ME AND RUMI - THAT IS, PRINCESS HARUMI - AND WE ARE NOW FLYING TO OUR FIRST HIDEOUT. IT'S TOO BAD MASTER WU LOST IN TIME, ISN'T WITH US... OR MY MOTHER, OUT SEARCHING FOR HIM. THEY WOULD KNOW WHAT TO DO.

THE SONS OF GARMADON HAVE ALREADY OBTAINED TWO ONI MASKS, AND NOW THEY'RE LOOKING FOR THE THIRD. IF THEY FIND IT, THEY WILL HAVE TREMENDOUS POWER. WE CAN'T LET THAT HAPPEN, BUT WE STILL DON'T HAVE A SOLID PLAN.

BEFORE A PLAN COMES TO US, HOWEVER, WE HAVE A SHIP TO CLEAN. WE HAVE A PRINCESS ON BOARD. NOT ONLY IS THE BOUNTY VERY DUSTY, BUT JAY'S UNDERWEAR IS SCATTERED ALL OVER THE PLACE.

I HOPE RUMI HASN'T DISCOVERED ANY YET...

Lloyd + Rumi =

NOT TRUE! BUT I'LL LEAVE IT - TO AVOID FURTHER REACTIONS FROM THE LOGBOOK.
